St. Luke's  
FOUNDATION

2015 ANNUAL REPORT

## *Greater Than*

It's what we are because of YOU. The impact of donor generosity is impossible to measure and permeates every single aspect of our health care and outreach. You enable us to provide grants that teach, encourage, champion change, bring joy, reduce fear, heal and surround our patients with the latest in technology and the greatest of compassion. Gifts given over years of continued support – whether in honor of, in memory of, unrestricted or for a specific cause – touch every turn of our patient care, making us *Greater Than*.

You are the difference-maker in our trauma program, during surgeries, and in our cardiac and oncology services. We have the great honor of being present at the birth of a child through the end of life, and these privileges are not taken for granted – nor is the support that enables us to be our best. Together, we are *Greater Than*.

When we are rejoicing in life's happiest moments or enduring life's greatest challenges, none of us are alone and without support. For this, we could not be more thankful.

*In Gratitude and Good Health,*

**Catherine Carter Huber**

# Knowledge that EMPOWERS

---

“We want to provide support and to educate patients and families on as many resources as possible.”

---

ANYONE WHO HAS EXPERIENCED CANCER knows the toll it takes on patients and loved ones

Through a free public lecture series offered by St. Luke's, those who have been affected by cancer gain something greater than knowledge alone – they gain a support system

“We want to provide support and to educate patients and families on as many resources as possible,” says Stacy Sandberg, clinic manager of St. Luke's Regona Cancer Center

“Understanding Cancer Survivorship Lecture Series” covers everything from legal and financial issues to the power of nutrition and the importance of physical and holistic care. Each lecture starts with socializing and a meal, allowing patients to not only receive valuable information from the healthcare team, including doctors, physical therapists and dietitians, but also to see a more personal side of the people who care for them

Your donations amount to more than just education for our patients – they provide support that empowers our patients to overcome adversities greater than they ever imagined – an immeasurable impact that carries on into the everyday lives of patients, families, survivors and communities

# A Picture of HEALTH

## HOW HEALTHY IS THE NORTH AND?

The answer to this question is critical in determining how to best meet the health needs of our region. A survey, conducted every five years, seeks to provide a comprehensive picture of health in the community.

In 2015, more than 60 community sponsors, including St. Luke's and St. Luke's Foundation, joined together with Generations Health Care Network in supporting the Bridge to Health Survey. The confidential survey collects health data from residents of eight counties in Minnesota and Douglas County, Wisconsin.

Audited as the gold standard in Minnesota for collecting accurate information on important indicators of health status, the survey includes questions related to physical and mental health, nutrition, exercise, tobacco and alcohol use, dental care, and insurance coverage.

The data, which is openly available, provides information that enables organizations like St. Luke's to understand how to allocate resources to best meet the health needs of the community. Past survey information has been used by St. Luke's and the Healthy DuSuth Area Coalition to promote access to healthy food and encourage physical activity.

With your donations, our community was able to take on an ambitious project that was greater than any one organization could tackle alone and whose outcomes are beyond measure. St. Luke's Foundation thanks you for your gifts that allow us to take part in this region-wide project.

*A Beautiful*  
WELCOME TO  
THE WORLD

FROM BABY'S FIRST BREATH to his or her first steps and beyond, St. Luke's puts the patient above all else every step of the way.

Soon, that focus will be better reflected through a renovated birthing center that feels less like a hospital and more like home.

"We want to create a space that reflects the outstanding care our patients receive," says Lori Swanson, nurse manager at St. Luke's Birthing Center.

Each private room will have its own bathroom, with either an immersion tub or a shower, a medicine fridge, and home-like furnishings, for extra comfort.

"We are collaborating with an interior decorator to make the space as calming, quiet and comfortable as possible."

Understanding for this project is possible because of your support of St. Luke's Foundation's 12th annual Circle of Light, which raised more than \$138,000 toward these renovations – improvements that will give women and families birthing experiences that exceed expectations. Your collective donations have made an incredible impact in helping create the ideal place for new life to enter the world.

*An Exceptional*

# EXPERIENCE BY DESIGN

Countless details go into planning a surgical space, from determining the size and configuration of an operating room to accommodating evolving technologies.

And, ultimately, all these details can have a profound effect on the quality of a patient's experience. During St. Luke's surgical expansion, every part of the planning process was approached with one goal – the patient above all else.

Opened in August of 2015, the 36,000-square-foot Surgical & Procedural Care area created an expanded cutting-edge space for a range of services.

One thing was very clear: Patients and their loved ones want to be near each other before, during and after a procedure, and the 42 private patient rooms are designed for just that. Other details, like free, heated parking, bedside registration, a coffee shop, and Wi-Fi make things a little easier for patients and loved ones.

"We designed the expansion around the future of surgery," says Jason Schuttz, director of St. Luke's Surgical Services. "With the high-tech imaging in the new hybrid operating room, we can perform even more minimally invasive surgeries." His technology also allows critical and severely injured patients to receive all of their care in one place.

The space allows for maximum efficiency and effectiveness for the surgeons and nurses. Additionally, operating rooms are spacious enough for multiple specialists to work collaboratively on a single patient, ensuring the best possible care.

Thanks to you, St. Luke's founded the philanthropic effort to raise regional support and bring the dream of St. Luke's surgical expansion to fruition – a grand undertaking we couldn't have accomplished alone. With your donations, we're able to offer our patients a surgical experience that's beyond anything they could ask for.

## WAYS TO GIVE

**Coming together to give is crucial to St. Luke's Foundation and its mission. All gifts, no matter the size or method of giving, contribute to advancing our reach. Gift-giving options are listed below for your consideration.**

### OUTRIGHT GIFTS

Often the easiest to arrange, many donors support us with gifts of cash, checks, credit cards (VISA, MasterCard, American Express, Discover), securities or stocks, real estate, or non-physical gifts

### LIFE-INCOME GIFTS

One of the following trust options may be the best fit for you

- **Charitable Remainder Annuity Trust** A trust that pays you a set income annually
- **Charitable Remainder Unitrust** A trust that pays a fixed percentage of the trust's assets
- **Charitable Lead Trust** A trust that pays a fixed or variable income to St. Luke's Foundation for a set term, and then passes to heirs

### LIFE INSURANCE

You can name St. Luke's Foundation as the beneficiary for income tax deductions

### RETIREMENT PLAN

Name St. Luke's Foundation as the beneficiary of the remainder of the assets after your retirement, avoiding a heavily taxed gift to heirs

### RETAINED LIFE ESTATE

Designate the ownership of your home to St. Luke's Foundation while you retain occupancy

### BEQUESTS IN WILLS

Please tell us if you have named St. Luke's Foundation in your will. We would love the opportunity to share our appreciation

#### Sample bequest language for St. Luke's Foundation:

*"I, (name), give, devise and bequeath to St. Luke's Foundation (written amount or percentage of the estate or description of property) for its unrestricted (without conditions attached) use and purpose."*

If you want to restrict your bequest, please consult with St. Luke's Foundation when you make your will to be certain your intent can be accomplished
